The Invaders Murray Leinster,2018-03-04 It started in Greece on the day after tomorrow. Before the last act raced to a close, Coburn was buried to his ears in assorted adventures, including a revolution and an invasion from outer space! We're not given to throwing around the word epic lightly, but here is one! Swashbuckling action, a great many vivid characters, and a weird mystery-all spun for you by one of the master story-tellers of our time.

The Great Zombie Invasion Mark Cheverton,2016-09-06 New York Times bestselling author. Attention Minecraft players, take an adventure right into the game you love! Can Gameknight999 survive a Minecraft journey one hundred years into the past? This adventure series is created especially for readers who love the fight of good vs. evil, magical academies like Hogwarts in the Harry Potter saga, and games like Minecraft, Terraria, and Pokemon GO. A freak thunderstorm strikes just as Gameknight999 is activating his father's digitizer to re-enter Minecraft. Sparks flash across his vision as he is sucked into the game... and when the smoke clears, he's arrived safely. But it doesn't take long to realize that things in the Overworld are very different. Gameknight sees the same blocky terrain and square clouds as usual, but almost everything else has changed. His friends are nowhere to be found. His castle has disappeared and the village he calls home is missing its defenses and fortified wall. Even stranger, no one seems to know who he is. The User-that-is-not-a-user realizes he's been accidentally sent a hundred years into the past, back to the time of the historic Great Zombie Invasion. None of his friends have even been born yet. But that might be the least of Gameknight999's worries, because travelling back in time also means that the evil virus Herobrine, the scourge of Minecraft, is still alive... Sky Pony Press, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more.

Samuel Wedge Kevin D. Annett,2015-01-23 Like Salman Rushdie's "Joseph Anton," Kevin Annett's novel, through the scope and freedom of fiction, allows him to describe the trials of a man who seeks to oppose and bring to justice people in high places who are protected by the government, the justice system, and the popular media. The action ranges from Vancouver Island to Central Florida and spans some thirty years of the protagonist's life. It is a human tragedy written with humor and compassion. It is strictly for a mature and serious readership of all ages.

Serpent Wind George Davis,2007-09 An Indian rebellion occurred in Sonora during Coronado's expedition in search of El Dorado. Three Spanish conquistadors were reported killed in the uprising, but only two of the bodies were ever accounted for. Did that missing body later cause a strange war between two continents? Serpent Wind is the story of a renegade conquistador, Don Diego de Alcaraz a.k.a. Carazal. After escaping from the North American wilderness in the early 1540's, he conspires with agents of Sultan Suleiman the Magnificent to hijack the entire Spanish treasure fleet the Flota Plata of 1553 as it voyaged back to Spain with the gold, silver, and emeralds of the New World. The Flota Plata of 1553 was struck by a violent hurricane just after it transited Havana. Most of the galleons were lost in the tempest, their golden treasures swallowed by the waters of the Gulf of Mexico. Three galleons were shipwrecked on the barrier islands of Texas, with approximately three hundred survivors. Only two of these castaways survived to record the grim fate of the lost treasure fleet for history. Serpent Wind is a fictional tale that weaves through three true stories from the earliest history of North American exploration the adventure of Cabeza de Vaca, the expedition of Coronado, and the shipwreck of the Spanish treasure fleet of 1553. It also details the bizarre, brutal war that this shipwreck spawned. Serpent Wind provides insights into forgotten episodes from American history, and also offers intriguing perspectives on issues of cultural conflict. Ultimately, Serpent Wind is a literary tale of primitive justice, from the earliest recorded history of the land we call Texas.
